One system – countless possibilities

GRIPPO ALU a safe support in everyday life

Gripo Alu is a solid and flexible support pole that gives security when standing up and moving around in the home. Gripo Alu fits in any home, and is very easy to install. The support pole works well alone but can also be supplemented with useful accessories.

- Support when you need it
- Exploits the user's own resources
- Easy to install, move and disassemble
- Installed without screws, nails and tools
- Large selection of useful and flexible accessories
- Countless areas of application

Gripo Alu complete
ART. NO. 35100
