

# VELA Hip Hop 50/100

VELA Hip Hop 50 is a basic children's shell chair for school and home.

VELA Hip Hop 100 has a seat with foam panels that can be reversed or changed, optimising sitting support for the child. Seat and backrest are also available for very small children (width 25 cm).

Also available with a footplate (optional)

VELA Hip Hop 50

VELA Hip Hop 100

A footplate supports the child in a stable position when sitting and helps to remain still and focused.

VELA Hip Hop 50/100 is activity and school chairs for children with special needs, for use in school, nursery and at home. The simple design helps children who have difficulty concentrating to more easily maintain focus. The chair's braking system ensures a stable and directional seat, creating a good starting point for participation and learning.

VELA Hip Hop 50/100 is a safe chair for children with special needs. The chair provides a good sitting position and the central brake help to focus the child's attention in school or nursery and at home.

The easy-adjustable features available to the child are the brake and seat height. This is ideal for children who are easily distracted in class. This helps the child to stay focused and to participate in group activities and so enhances learning and skills development.

VELA Hip Hop 50/100 is equipped with four directionally-stable, smooth-running castors, enabling the child to use the chair to propel themselves around, e.g. in the classroom. The armrests and the backrest can be adjusted, to ensure a good sitting position, even when requiring very little seat depth.

The additional option to adjust seat height, -depth and -tilt (tilt only on Hip Hop 100), creates the best possible conditions for an ergonomic sitting position that provides comfort and support. The height of the chair is adjusted using a gas spring.

## ADVANTAGES

- :: Various seats and backs can be combined to meet the child's needs and to reduce movement in the case of concentration difficulties
- :: A stable base and a central brake provide additional safety and security, for example during activities or when the child has to stand up
- :: Option for extra short seat depth and width – as little as 25 cm (Hip Hop 100)
- :: Good ergonomics, support and comfort for the best possible sitting position, which encourages activity and participation

All VELA chairs are CE-marked and comply with applicable standards.

VELA Hip Hop 100 is upholstered in black Mionetta Satch fabric as standard, which is very durable and also water-repellent. VELA Hip Hop 50 is supplied as shell chair as standard. We have our own upholstery workshop and stock more than 300 types of foam, textiles and colours. We have a large selection of artificial leather and seat covers for easy cleaning.

### ACCESSORIES AND SPECIAL SOLUTIONS

All VELA children's chairs are available with a large selection of accessories and special solutions, enabling the chair to be adapted to the child's needs, e.g. thigh supports, body supports and stabilising harness and ankle straps. VELA also offer individual solutions within padding, comfort, support and handles.

A wide range of our seats and backrests can be customised as bespoke solutions. These can be adapted with cutouts in the cushion or by modifying the seat or backrest with wedges or inserts.

A complete list of accessories is available at [www.vela.eu](http://www.vela.eu).
