## Electrolux PROFESSIONAL

### PROFESSIONAL LAUNDRY

# Tumble dryer TD6-16

### Dryer featuring exceptional savings and effortless use

#### Priority on people

Certified ergonomic design with a human-centered approach for an outstanding user experience

- Lint filter The horizontal filter drawer is positioned for easy access and cleaning without the need to bend down
- Large door opening for easy loading and unloading
   Easy access to vital parts from front and rear for simple servicing
- (2)

#### Long-term savings

Innovative features to save money and time, and embrace a sustainable lifestyle with excellent water evaporation efficiency per kWh

Moisture Balance (optional)

Helps to stop the drying process at the right time to save on energy costs

#### Pure control

Monitor your equipment and performance from anywhere, allowing to take action and to improve your business with OnE Laundry - the personal assistant for hygiene validation management, process management and revenue management (optional)

#### Outstanding productivity

Dry more laundry in less time: a game-changing improvement

Reversing drum Minimizes wrinkles and drying time to get an effective and even drying performance with 2 full loads per hour

#### **Global Advanced Hygiene**

Global Advanced Hygiene program package\* with proven log 6 reduction\*\* disinfection of textiles through the laundry process, fulfilling the criteria of all local approved standards

#### Main options and accessories

- Connection to booking- /payment- system or coin meter
- Stainless steel drum, Stainless steel front
- Fresh air intake
- Exhaust on top (Top evacuation is not available on steam heated tumble dryers)
- Insert for drying special equipment
- Programs available in the standard library of all products, excluding products for specific segments where water temperature is not controllable.
   Log 6 reduction equals to 99,9999% viral infectivity reduction. The efficacy of reduction of SARS-CoV-2 and other pathogens in the process is confirmed by RISE (The Research Institute of Sweden) on the basis of Electrolux Professional laboratory data.

Main specifications			TD	6-16	
Rated capacity, filling factor 1:18	kg/lb	16.1/35.5			
filling factor 1:22 Drum volume	kg/lb litre	13.2/29.1 290			
Drum diameter	mm	680			
Heating alternatives					
electric	kW	13.5/18.0			
gas	BTU/h (kW)	71 700 (21)
